NORAN
NEUROLOGY

Welcome to the Noran Neurology Infusion Center - *Infusion Services with the Comforts of Home*

We are dedicated to providing you with a safe, caring and comfortable environment. The Noran Neurology Infusion Center services are customized to meet your individual requirements, which includes your need for cost-effective care.

The Noran Neurology Infusion Center can accommodate adult and pediatric patients. Patients under the age of 18 must be accompanied by an adult.

Here's what you can expect from us:

- Coordinated care with your physician
- Skilled and experienced infusion nurses
- A safe, relaxing environment
- Clear answers to your questions and concerns
- Appointment times that meet your needs
- Support throughout your entire infusion experience

Coordinated Care

Our infusion center team collaborates closely with your physician to ensure seamless, well-coordinated care. We maintain consistent communication with your care team to support informed decision-making and promote the highest quality outcomes. Throughout your treatment, we are committed to guiding you through each stage of the process, providing clear explanations of what to expect, and ensuring your visit remains as comfortable and well-supported as possible.

Expert Attention

You can trust that you are in the hands of experts. Our Infusion Care Team includes neurologists, advanced practice providers, registered nurses and dedicated support staff. The Noran Neurology Infusion Center registered nurses are highly experienced in administering infusion therapies.

Outside Referrals

While many of our infusion patients see a Noran Clinic neurologist, we welcome patients who wish to only receive infusion services. We will work closely with outside physician offices to confirm insurance coverage and keep your physician updated regarding your response to treatment.

Comfortable Setting

At the Noran Neurology Infusion Center, we do everything we can to make patients feel at home. Our center features comfortable reclining infusion chairs designed to help you relax throughout your treatment. You are welcome to bring your own entertainment to help pass the time during your infusion. We also provide internet access, along with complimentary beverages and snacks for your comfort.

Safe Environment

Noran Neurology is committed to the success of your care and experience. Our patients receive personalized treatment plans, with all infusions performed according to your doctor's recommendations and established protocols. This ensures that the rate of infusion and medication is tailored to your specific condition. Safety procedures are in place at all times, with providers on site, in case of an adverse reaction to medication.

Comprehensive Treatments

The Noran Neurology Infusion Center is available to infuse a wide variety of medications for a number of conditions, providing personalized infusion treatments for the following:

Neurology

- CIDP, Guillain-Barre Syndrome, Multifocal Motor Neuropathy, Polyneuropathy, Myasthenia Gravis, Stiff-person Syndrome
- Multiple Sclerosis
- Several Autoimmune Neurological Disorders
- Migraine

Ophthalmology

- Graves' Ophthalmopathy, Neuromyelitis Optica
- Thyroid Eye Disease

Rheumatology

- Rheumatoid Arthritis
- Lupus

We continue to expand our therapies and treatment offerings. For information on therapies not listed above, please contact us.

Insurance Coverage

We will guide you through the insurance verification and authorization process to help ensure your treatment is approved and scheduled without delay. Our team works directly with your insurance provider to confirm benefits, determine any out-of-pocket costs, and obtain the necessary approvals for your infusion therapy.

We encourage patients to contact their insurance company if they would like additional details about coverage, deductibles, or copay responsibilities. Understanding your benefits in advance can help you feel more prepared for your visit.

If you have questions at any point, please call our infusion coordinator at 612.879.1684. We are here to support you and help make the process as smooth as possible.

Noran Neurology Patient Portal

You can access much of your health information through our secure patient portal and mobile app, My Noran Clinic. You can also send a message to your provider, review test results, request an appointment, prescription refill or medical records, and make payments.
